Notes for Coastal Activities

- (i) AR means actual and reasonable costs of compliance monitoring.
- (ii) The charges detailed in this table relate to the activities described in Section 3 and 4 of this Schedule. They are not coastal occupation charges.
- (iii) Seawalls are classified as coastal structures. Seawalls will only be charged a one-off contribution to FPD in the year the consent is granted. For 2009-2010 that charge is \$85.00 (Ex GST).
- (iv) Other coastal structures e.g. jetty and pontoons will be charged in accordance with Table 8 above as a coastal structure.
- (v) The Administration, Monitoring and Supervision charges (AR) listed above will not apply to coastal consents granted by the Rodney District Council. Charges for those functions will be determined by the funding policy and schedule of charges of that Council
