

PROTECT OUR KAURI

Kauri dieback disease is killing kauri trees.

It spreads via soil movement. Act now to stop its spread.

ALWAYS

- **Keep to the defined tracks**
- **Clean your footwear before and after leaving kauri forest areas**
- **Stay away from kauri tree roots**

Report sightings of diseased kauri to the Kauri Dieback Management Team on **0800 NZ KAURI** or visit **www.kauridieback.co.nz**
