

# Training & Education Programme

## *Erosion and Sediment Control: Workshop for Plan Implementers*

This 1-day workshop, aimed at contractors, covers why we do erosion and sediment control and how to build operate and maintain the measures. It includes a visit to a working site.

**The benefits of attending this course include:**

- exposure to best practice and how the regulatory system works;
- greater industry autonomy and self-regulation;
- opportunities to network with other professionals;
- a more level playing field within the industry;
- reduced consent processing costs and monitoring costs due to improved and completed applications and self-monitoring programmes.

<b>Workshop Dates:</b>	18 March 2010 21 July 2010
<b>Cost:</b>	\$425.00
<b>Venue:</b>	North Harbour Stadium
<b>Workshop Facilitators:</b>	Clare Feeney and Brian Handyside

Workshops are limited to 20 people per workshop. In order to reserve your place on a workshop, we will need a completed registration form, along with either a purchase order number or a cheque for the full amount. Please note that you will be charged for all cancellations within one week of the course taking place.
