

Training & Education Programme

Riparian Zone Management Workshop

The programme focus:

The Auckland Regional Council (ARC) runs one-day riparian workshops, which focus on the practicalities of riparian management. The next workshop has been scheduled for 30 September 2010 at the Regional Botanic Gardens. Please check the ARC website for further details.

The programme includes:

- The reasons for riparian management and key riparian issues in the Auckland Region.
- How to plan and prepare a riparian zone management plan using field sheets to assist with the collection of data, planning, and implementation of the riparian programme.
- Simple planting solutions that can be used to establish native vegetation on a broad range of riparian sites.
- Case studies.
- Field trip.

Who should attend:

The workshops are suitable for individual landowners, Iwi, environmental groups, care groups, land developers, consultants, landscape architects, contractors, planning and regulatory staff in local and regional councils.

Workshop Dates: 30 September 2010.

Venue: Regional Botanic Gardens, Hill Road, Manurewa, Auckland.

Workshop Facilitators: Auckland Regional Council Natural Heritage and Parks staff.

Workshops are limited to 20 people and a small fee is payable prior to the workshop taking place to ensure your booking is confirmed. ARC will hold additional workshops in the Auckland region, based on key priority areas defined by the ARC and public demand. If you are interested in attending a workshop in your local area, please contact Sheree Peteru at sheree.peteru@arc.govt.nz

For further information on other training, including details on the Riparian workshop, visit http://www.arc.govt.nz/environment/training/training_home.cfm or contact TEP@arc.govt.nz
