

Height of Viewshaft above ground

- Land Above Viewshaft
- 0 - 5m
- 5m - 10m
- 10m - 15m
- 15m - 20m
- 20m - 25m
- More than 25m
- Volcanic Cone Sightline Boundaries

Height Sensitive Areas

- Areas particularly height sensitive
- Areas of reserves or domains surrounding major volcanic cones
- NOTE: for the height restrictions relating to these viewshafts see the following map sheet

Note: Map Series 4a is subject to appeal

VISUAL PROTECTION OF VOLCANIC CONES

Map Series 4a Sheet 2

Decision Version - January 2008

Height Restrictions

The height restrictions indicated by the colour scale within the Volcanic Cone Viewshafts, while as accurate as possible, are indicative only and **Appendix I should be referred to for the specific coordinates that relate to each viewshaft**. Where more than one viewshaft crosses an area, only the resulting lowest height restriction is depicted.

Where viewshafts cross the Coastal Marine Area, the resulting height restrictions are not depicted for map clarity. Contact the ARC for additional information or refer to Appendix I.

The Height Sensitive Areas and areas of reserves or domains depicted surrounding major volcanic cones remain unaltered from the June 1999 Operative RPS.
