

Summary of Decisions Requested - **Topic List** - Auckland Regional Plan: Coastal, Proposed Plan Change 4, Mangrove Management

Topic / Issue	Topic / Issue
Active plan sought for mangrove removal	Other Methods
Active plan sought for mangrove removal: visual amenity, access and recreation	Other Methods: Monitoring
Anticipated Environmental Results	Other Methods: Principal Reasons for Adopting, & Anticipated Environmental Results
Assessment of ecological values	Other Methods: Sediment issues
Burial of marine mammals	Other vegetation removal
Cattle/stock grazing	Pacific Oysters
Chemical spraying	Permitted Activities
Coastal Protection Area 1 designation: Mangere Bridge	Permitted Activities : Add Coastal Protection Area 2 to restriction for disturbance
Comprehensive Coastal Management Plans & Integrated Management Plans (Appendix H)	Permitted Activities : Add Coastal Protection Area 2 to restriction for removal
Consultation and notification of affected parties	Permitted Activities: Public infrastructure
Consultation: tangata whenua values	Permitted Activities: 30 m ² removal
Controlled Activities	Permitted Activities: Conditions
Controlled Activities	
Non-notification of affected parties	Pest Management Strategy
Controlled Activities: Permitted Activities: 30 m ² removal	Plan Change as a whole
Controlled Activities: Public Infrastructure	Policies
Controlled Activities: Public Notification, Notification of affected parties	Policies: Ecological assessment
Definition: Mangrove Seedling	Policies: Include private infrastructure
Definition: Estuary Care Groups	Policies: Integrated Management Plans (Appendix H)
Definitions	Policies: Mangrove removal
Discretionary Activities	Policies: Mangrove removal in Coastal Protection Area 1 areas
Ecological Assessment: Active plan sought for mangrove removal	Policies: Mangrove removal: supports
Generally supports plan change	Policies: Public amenity or use
Include any consequential changes necessary	Policies: Public infrastructure
Integrated Management Plans (Appendix H)	Policy - Public amenity or use
Integrated Management Plans (Appendix H): Sediment issues	Policy mangrove removal: public amenity
Integrated Management: Sediment issues	Principal Reasons for Adopting
Integrated management: protection v removal	Principal Reasons for Adopting: Cattle/stock grazing
Introduction	Principal Reasons for Adopting: Controlled Activities
Introduction: Issue	Principal Reasons for Adopting: Other Methods: Sediment issues
Issue	Principal Reasons for Adopting: Pacific Oysters

Summary of Decisions Requested - **Topic List** - Auckland Regional Plan: Coastal, Proposed Plan Change 4, Mangrove Management

Topic / Issue	Topic / Issue
Maintenance of navigation: Tamaki Estuary	Principal Reasons for Adopting: policies
Mangrove removal in public benefit	Principal Reasons for Adopting: Policies vehicle use
Mangrove removal and dredging: Hellyers Creek	Principal Reasons for Adopting: rules
Mangrove removal in Coastal Protection Area 1 areas	Prohibited Activities
Mangrove removal for drainage and infrastructure	Public access: Allow for boardwalks and jetties (CPA1 areas)
Mangrove removal for the installation of structures	Reference to "Manawa"
Mangrove removal in Coastal Protection Area 1 and 2 areas	Removal of exotic plants
Mangrove removal in Coastal Protection Area 1 areas: Public infrastructure	Removal of vegetation/organisms from lawful structures
Mangrove removal in Coastal Protection Area 2 areas	Remove CPA1 designation and allow mangrove removal: Mangere Bridge
Mangrove removal in Coastal Protection Area 2 areas (precautionary approach for removal)	Resource consent for removal
Mangrove removal: Manurewa Marae (Puhinui Stream)	Restoration of the Onehunga foreshore west of SH20
Mangrove removal: Otara Lake	Restricted Coastal Activities
Mangrove removal: Mangere Bridge/Onehunga	Restricted Coastal Activities: Comprehensive Coastal Management Plans
Mangrove removal: mechanical methods	Restricted Discretionary Activities
Mangrove removal: Permitted Activities	Restricted Discretionary Activities: Integrated Management Plans (Appendix H)
Mangrove removal: supports	Rewrite for clarity
Mangrove removal: supports affecting bird habitat	Rewrite for clarity: Public infrastructure
Mangrove removal: supports on effects basis rather than on coastal management areas	Rule 16.5.19: Addition to Restricted Coastal Activities
Mangrove removal: supports to the areas colonised at a past date	Rules
Mangrove removal: supports seedling removal	Rules: Seabed disturbance remedied by natural processes in 7 days
Mangrove removal: supports: important wading bird sites	Sediment issues
Mangrove removal: supports, recreational use and cultural activities, visual amenity	Sediment issues: Manukau Harbour
Mangrove removal: supports: Sediment issues, aesthetic & rec values, other habitat values	Seedling Removal
Mangrove removal: supports: stream bed/drainage clearance	Supports balanced approach to mangrove management
Mangrove removal: supports: Tamaki Estuary	Supports consultation
Mangrove removal: supports: Tamaki Estuary (Wakaaranga Creek)	Supports Issue: Sediment issues
Mangrove removal: supports: Tamaki Estuary, (example of changes when mangroves killed by oil spill)	Supports mangrove protection
Mangrove removal: supports: Tamaki River	Supports plan change

Summary of Decisions Requested - **Topic List** - Auckland Regional Plan: Coastal, Proposed Plan Change 4, Mangrove Management

Topic / Issue	Topic / Issue
Mangrove removal: supports: viability of infrastructure, structures & outfalls	Supports plan change: Mangrove removal: supports: Weymouth
Mangrove removal: supports: Waiuku/Rangiwhea Creek	Supports Policy
Mangrove removal: supports: Wattle Downs	Supports policy on mangrove removal
Mangrove removal: supports: Weymouth	Supports Policy: Integrated Management Plans (Appendix H)
Mangrove removal: Tamaki River	Supports the plan change
Mangrove removal: Waiuku Estuary	Supports the plan change: Mangrove removal: supports
Mangrove removal: Wattle Downs	Supports whole plan change
Mangrove removal: Hellyers Creek	Supports whole plan change: Mangrove removal: supports
Mangrove removal: Otara Lake	Supports whole plan change: Mangrove removal: supports: Shoal Bay
Mangrove removal: public access	Value of mangroves
Mangrove removal: where not appropriate	Value of mangroves: erosion protection
Mangrove values	Value of mangroves; protect eco and erosion protection values
Mangrove values: historical & cultural values	Value of mangroves; protect eco values
Mangrove values: questions eco values	Value of mangroves; questions eco value
Monitoring and enforcement of removal activities	Value of mangroves; questions value to fish
Non Complying Activities	Vehicle use
Non-notification and non-notification of affected parties	Vehicles in Coastal Protection Area 1 areas
Non-notification of affected parties	Vehicles on beaches
Objective	Vehicles on roads, bridges or structures in coastal marine area
Opposes general mangrove removal	Visual Amenity
Opposes the plan change	Whole plan change
Opposes the plan change: Mangrove removal: supports to the areas colonised at a past date	Whole plan change: Mangrove removal: Otara Lake
Opposes whole plan change: Opposes mangrove removal	Whole plan change: Permitted Activities: 30 m ² removal
Opposes whole plan change - Value of mangroves: questions value and status	Whole Plan Change: Seedling removal
