

# Auckland Regional Plan: Air, Land and Water

# Auckland Regional Council

## Auckland Regional Plan: Air, Land and Water operative in part

At its meeting of 6 October 2010 the Auckland Regional Council resolved to declare the Auckland Regional Plan: Air, Land and Water – 'Operative in Part' subject to the exclusions defined in the following schedule pursuant to clause 17 (2) of Schedule 1 of the Resource Management Act 1991 (RMA).

In accordance with clause 20 (1) of Schedule 1 of the RMA the Auckland Regional Plan: Air, Land and Water becomes 'Operative in Part' on 21 October 2010.

Public notification of the availability of the Auckland Regional Plan: Air, Land and Water – Operative in Part was given on 12 October 2010.

Date of council resolution	6 October 2010
Date of public notice	12 October 2010
'Operative in part' date	21 October 2010

### SCHEDULE

The provisions of the plan excluded from approval are:

Chapter 5 – Discharges to Land and Water and Land Management

- Chapter 8 – Financial Contributions
- Schedule 3: Industrial or Trade Activities
- Schedule 9: Contents of Integrated Catchment Management Plans and Applications for Network Discharge Consents
- Schedule 10: Permitted Activity Criteria
- Schedule 11: Compilation of Acceptance Guidelines
- Schedule 12: Rainfall Runoff Management for Cultivated Soil
- Schedule 13: Schedules for Reporting on Contaminated Land

Signed by the Auckland Regional Council by affixing its common seal in the presence of

**Michael Lee**  
Chairman

**Bruce Thomas**  
Group Manager Democracy Services

Dated at Auckland this day 21 October 2010.

ISBN 1-877353-49-3

## Notes on Plan Annotation

The Plan is in two parts. The first part is the Plan text and the second part is the Plan Maps. The two parts need to be read together.

This plan is operative in part. The following have not been made operative

- Chapter 5 – Discharges to Land and Water and Land Management
- Chapter 8 – Financial Contributions
- Schedule 3: Industrial or Trade Activities
- Schedule 9: Contents of Integrated Catchment Management Plans and Applications for Network Discharge Consents
- Schedule 10: Permitted Activity Criteria
- Schedule 11: Compilation of Acceptance Guidelines
- Schedule 12: Rainfall Runoff Management for Cultivated Soil
- Schedule 13: Schedules for Reporting on Contaminated Land

This Plan is operative in part and is annotated as follows:

- **Grey shading** indicate provisions still subject to appeal. The appeals are annotated with the Environment Court number, the year, and the individual point of relief allocated by the ARC (e.g. E412/04/32). This is followed by the appellant's/appellants' name/s. (e.g. E412/04/32 Air, Land and Water Limited).
- The appeal annotations within chapters are shown in bold and within square brackets [ ]. If an appeal relates to a whole section or sub-section of a chapter (e.g. 5.1 or 5.1.3) the annotation is shown at the beginning of the section or sub-section, immediately below the relevant heading. If an appeal relates to a paragraph or provision (objective, policy, rule or other method) the appeal is noted at the end of the paragraph or provision.
- Words shown in ***bold italics*** are defined in Chapter 12 – Definitions and Abbreviations.
